To: District Magistrate & District Programme Coordinator (All Districts) Malda
&
Principal Secretary, GTA

Sub: Construction of village roads under MGNREGA.

Madam / Sir,

Kindly note that in terms of clarification given by the Ministry of Rural Development, Government of India by their no. J-11060/1/2011-MGNREGA-1 dated 24.04.2012; the PIAs can construct rural roads up to a width of 3.00 Meters only by using stone / brick or Cement Concrete or Cement Concrete Interlocking Blocks. Accordingly, this Department has no objection if such roads are constructed by the PIAs, provided the overall wage-material ratio of 60:40 is strictly maintained at the Gram Panchayat level for any financial year. This 60:40 ratio at the Gram Panchayat level includes expenditure incurred by other PIAs in implementation of schemes within respective Gram Panchayat area.

Yours faithfully,

(Dibyendu Sarkar)
Commissioner, MGNREGS
West Bengal
